## Application for Approval or Revision of an Asbestos Safety Training Program

Pursuant to Article 30, Section 905 of the New York State Labor Law as required under Title 10, Chapter II; Subchapter H, Part 73 NYCRR, "Asbestos Safety Program Requirements," application is hereby made for a certificate of approval to sponsor the training courses required for certification in New York State.

**Note to Applicant:** Before completing this application form, read and become familiar with 10 NYCRR Part 73, the Asbestos Safety Program Requirements. Part 73 provides topics and requirements for initial and refresher training courses, administrative requirements, instructor qualifications, required examinations and revocation standards. An incomplete application will be returned to the applicant.

**Section 1—Application Requirements** (*This Section to be completed by new applicants ONLY.*)

This section summarizes the submittal requirements for those applicants seeking accreditation for the first time. Applicant must refer to Part 73 for the complete text of the requirements that address the administrative infrastructure identified below. All documents and statements submitted must be accurate, complete and reference the applicable regulation section. Plans and procedures for meeting these requirements must be part of each application.

- ☐ **Training Director**—Each asbestos safety training provider must have designated, at all times, a Training Director who is approved by the Department. The name and credentials of the Training Director shall be submitted for Department review with each application for accreditation of an asbestos safety training program and whenever a new Training Director is designated. The Training Director shall have experience in designing, implementing and evaluating either employee educational programs in asbestos safety or vocational educational programs related to asbestos. The Training Director shall be directly involved in the program. Evidence that the proposed Training Director meets the qualifications must be included in the application.
- ☐ **Instructors**—Only approved instructors may be used to give instruction in a program accredited by the Commissioner. Submit names and resumes of proposed instructors that meet the minimum qualifications as described in section 73.4.
- ☐ **Facilities**—A description of the training facility(ies) including a diagram or blueprint which identifies classrooms with their respective area dimensions, record keeping location(s), and equipment storage location(s). If records are to be stored at a location other than the training facility, the address and site specific information on the record storage room must be included. Application must include a statement that facilities and equipment will be available and sufficient to accommodate students' needs.
- ☐ **Provider Profile**—A detailed description of the training provider's management and corporate structure including individual names of management personnel and corporate officers. The detailed description must include details of other business affiliations including, but not limited to, affiliations with asbestos abatement firms, environmental sampling and analysis firms and manpower brokerage firms.
- ☐ **Quality Assurance Program**—Submit procedures pursuant to Subdivision 73.2(e).
- ☐ **Languages**—The application for a language other than English must be submitted as specified in Subdivision 73.2(k).
- ☐ **Record Keeping**—The training provider must submit a detailed record keeping procedure which identifies the type of records to be maintained as described in Subdivision 73.3(l) and the security measures that will be implemented to ensure the integrity of the records.
- ☐ **Program Changes**—Applicant must describe the procedures used to notify the Department in writing of any changes in any respect of an accredited training program.

**Section 2—Application Requirements** (*This Section to be completed by new applicants and New York State accredited Training Providers submitting new or revised curriculum.*)

This section summarizes the submittal requirements for all applicants seeking accreditation. Applicant must refer to Part 73 for the complete text of requirements to the items listed below. All documents, student manuals, and statements submitted must be accurate and complete. Manual(s) must not contain grammatical or typographical errors.

- ☐ **Course Outline**—Submit a detailed outline of each program/course including the length of training, the amount of time allotted to each topic, and a description of the type of teaching method for each topic.
- ☐ **Student Manual(s)**—Applicant must provide one (1) copy of the entire student manual along with all other written materials, and regulations, intended to augment the student manual.
- ☐ **Equipment**—Include a description of all materials and equipment to be used for hands-on practice exercises and demonstrations in accordance with Subdivision 73.3(h).
- ☐ **Training Procedures**—Submit a copy of the instructor lesson plan(s) and transparencies, slides, and audio-visual materials to be used to supplement the program presentation. The training provider must detail those interactive/participatory teaching methods to be used and in which topic areas they will be employed.
- ☐ **Examination(s)**—Applicant must provide a copy of each examination with the appropriate answer key. Answer key must include the correct response.
- ☐ **Course Evaluation Form**—Include a copy of the student evaluation form.
- ☐ **Accredited Providers Only**—Submit instructor approval requests per Subdivision 73.2(b) and describe any other program change(s) in accordance with Subdivision 73.2(i).

**Department Approval**

Provisional accreditation shall be granted after a full review of the program application has been completed. If approval is granted, a letter of provisional accreditation shall be sent to the applicant. In the case of disapproval, a letter describing the reasons for disapproval shall be sent to the applicant. Prior to disapproval, the Department may request additional information to address inadequacies in the application for accreditation. If an application is disapproved by the Department, the applicant may reapply for accreditation at any time.
